Camping in bear country is challenging. Don’t let this happen to you!
Properly store your food and fragrant items in your vehicle, a bear box or bear-proof container. Put trash in dumpsters.
From Then to Now

Once a working cattle ranch, Hermit Park Open Space was purchased in 1967 by Hewlett Packard. This company, and later Agilent Technologies, managed it as a private retreat for employees until 2007. Larimer County purchased it in a community-supported partnership and opened Hermit Park to the public in 2008. Located in the Estes Valley, about 2.5 miles southeast of Estes Park off U.S. 36, this 1,362-acre open space ranges in elevation from 7,880 to 8,964 feet.

There’s a lot to see and do at Hermit Park: Enjoy the view from the top of Kruger Rock, spend the night in a campground or camper cabin, or explore the open space on foot, mountain bike or horse. Keep an eye out for wildlife and wildflowers!

Larimer County’s Open Lands Program

Larimer County’s Open Lands Program is funded by a ¼-cent Help Preserve Open Spaces sales tax. This tax started in 1996 following a citizens’ initiative to acquire and manage open spaces. The Open Lands Program works with willing landowners to preserve and protect properties through fee simple and conservation easement transactions. The future of OUR open spaces is up to you! Being a good steward of the land and shopping locally are a few ways you can help.
