Property tax revenue supports public schools, county governments, special districts, municipal governments, and junior colleges. All of the revenue generated by property taxes stays within the county. Property taxes do not fund any state services.

The county assessor is not responsible for high or low tax rates or setting mill levies.

The county assessor is responsible for discovering, listing, classifying, and valuing all property in the county in accordance with state laws. The assessor's goal is to establish accurate values of all property located within the county, which in turn ensures that the tax burden is distributed fairly and equitably among all property owners. Real property is revalued every odd-numbered year. Personal Property is revalued every year.

The State Legislature sets the percentage which is used to determine the assessed valuation upon which the levies and taxes are determined. For property that is classified residential, the current assessment rate is 7.15% of market value. The assessment rate for most other types of property, including personal property, is 29% of actual value.

Each year county commissioners, city councils, school boards, governing boards of special districts, and other taxing authorities determine the revenue needed and allowed under the law to provide services for the following year.

Each taxing authority calculates a tax rate based on the revenue needed from property tax and the total assessed value of real and personal property located within their boundaries. The tax rate is often expressed as a mill levy.

These levies are certified by the Board of County Commissioners and delivered to the Assessor. After the levies are certified it is then the duty of the Assessor to extend the tax roll to the Treasurer, whose duty is to collect those property taxes.

**COLORADO LAWS REQUIRE OWNERS OF REVENUE-PRODUCING PERSONAL PROPERTY AND OWNERS OF PRODUCING NATURAL RESOURCES TO FILE A DECLARATION SCHEDULE WITH THE ASSESSOR EACH YEAR BETWEEN JANUARY 1 AND APRIL 15.**
