8. The Chief Building Official shall notify the Contractor of the immediate suspension of his/her license, the stop work order, the nature of the violation and the date, time and place of the hearing before the BOA. The notice shall be served by personally delivering the notice to the Contractor, by posting the notice at a prominent location on a property which has been issued an active building or sign permit on which the Contractor is known to be working, or by transmitting the notice to the Contractor by same-day or next-day mail or courier at the Contractor's address of record on file with the Chief Building Official.
