FROM: Michael Ruttenberg, Clinical Director; Alexis Ongley, Assistant Director; Dana Hersch, Assistant Director

SUBJECT: Public Health Order impacting resident’s ability to work

As of March 24, 2020, at 5:00pm a Public Health Order was issued by the Larimer County Department of Health and Environment stating the following:

"Effective at 5p.m. on March 24, 2020,

Section 1: All residents of the Community Corrections Facility who would otherwise be allowed to enter the community for work reasons are ordered to remain in the facility and to cease going into the community until April 17, 2020. This is necessary to protect the health and safety of the facility."

Due to this order we are not allowing any resident housed at our facilities to sign out of the facility to attend work.

Sincerely,

Larimer County Community Corrections
