

Senior Affordable Housing

**July
2018**

- Both subsidized housing programs* and reduced rent apartments** have been included on this list.
- This list only includes housing options with units/apartments that are designated specifically for seniors, with the exception of the housing authorities which have units for all ages.
- Income guidelines apply.

***Subsidized Housing** offers units in apartment buildings that are subsidized by the federal government, county, city or private funds. In most cases, rent is 30% of adjusted gross income for those who meet income criteria.

****Reduced Rent Apartments** are senior apartments that are subsidized by the city or county. Rent is set at a below market value rate for those who meet income criteria. Monthly rent varies on average between \$550—\$750.

Housing Authorities administer Housing Choice Vouchers (Section 8) for rental assistance. They offer additional affordable housing options not included on the attached list. **To access these additional properties, you must contact the Housing Authorities directly.** Not all of the units managed by the housing authorities are for seniors only. Affordable properties through the Housing Authority can include various types of apartments and duplexes which are rented to all ages of eligible adults and families. Contact information for the Housing Authorities for Loveland, Fort Collins and Estes Park are included on the attached list.
