**STATE OF COLORADO**

**AMENDMENT 27**

Shall there be an amendment to the Colorado constitution concerning campaign finance, and, in connection therewith, restricting the amount of contributions that persons may make to candidate committees, political parties, or a public employee union; establishing contribution limits for small donor committees; prohibiting campaign contributions that persons may make to political parties; and establishing contribution limits for political parties, including certain expenditures and expenditures that may be made by corporations or labor organizations; creating voluntary campaign spending limits; providing for a periodic adjustment of contribution and voluntary spending limits; specifying the treatment of unexpended contributions; requiring the disclosure of information about persons making electioneering communications; and, in connection therewith, amending the Colorado Revised Statutes concerning the use of petitions to influence support for nominating petitions for access to the primary election ballot, and, in connection therewith, allowing an eligible citizen to register to vote and on any day that a vote may be cast in any election beginning on January 1, 2004; specifying election day voter registration locations; specifying the reasonable times that a citizen who registers to vote on election day shall register in person and present a current and valid Colorado driver’s license or state identification card or other approved documentation; and directing the Colorado general assembly, in implementing election day voter registration, to adopt necessary protections against election fraud?

**AMENDMENT 31**

Shall there be an amendment to the Colorado constitution concerning English-language education in Colorado school districts and, in connection therewith, requiring children to be taught by using the English language in their classrooms and requiring children who are learning English to be placed in an English immersion program that is intended to last one year or less and, if successful, will result in placement of such children in ordinary classrooms; exempting from such requirements those children whose parents or legal guardians obtain a waiver allowing the child to transfer to a public school; providing that the Colorado general assembly may not prescribe additional methodologies for bilingual education or other educational methodologies, but making such waivers very difficult to obtain because the school can grant them only in very restrictive circumstances and can deny them for any reason or no reason thereby reducing the likelihood that bilingual education will be used; requiring schools that grant any waivers to offer bilingual education or other educational methodologies when they have at least 20 students in the same grade who receive a waiver and in all other cases permitting students to transfer to a public school in which bilingual education or other methodologies are offered, with the cost of such transfer, excluding transportation, to be provided by the state; allowing a parent or legal guardian to sue public employees granting a waiver if the parent or guardian later concludes that the waiver was granted in error and injured the child’s education; creating severe legal consequences identified in the amendment for such public employees who willfully and repeatedly refuse to implement the amendment; and requiring schools to test children learning English, enrolled in second grade or higher, to monitor their progress, using a standardized reading test of academic subject matter given in English?

**REFERENCE A**

An amendment to the constitution of the state of Colorado, exempting district attorneys from certain constitutional term limits.

**REFERENCE B**

An amendment to section 2 of article X of the constitution of the state of Colorado, concerning the authorization for local governments to become a partner with a public or private entity in the provision of health care services, and, in connection therewith, authorizing a local government to become a subscriber, member, or shareholder in a joint owner with any person, public or private, in order to provide such health care without incurring debt.

**REFERENCE C**

An amendment to article XIV of the constitution of the state of Colorado, concerning the authority of the general assembly to establish qualifications for the office of county coroner.
