

Free Training Opportunity

RADON
A colorless,
odorless, and
tasteless gas.

The Rules and Regulations Governing the Health and Sanitation of Child Care Facilities in the State of Colorado now requires radon testing to be completed. Facilities in operation before January 14, 2016 have until May 1, 2017 to test. Below you will find information on how to access a free quick train to help you gain a better understanding of how to test your child care facility for radon.

How much do you know about radon testing?

Radon in the air we breathe is the leading cause of lung cancer in non smokers.

Take 30 minutes to learn the proper testing protocol.

To register for the course go to <https://www.co.train.org>

Course ID: 1063938
Contact: Amy Gammel
Phone: (303)692-3644
Email: amy.gammel@state.co.us

A training certificate for 0.5 hours will be issued upon completion.
