

CODES ADOPTED IN LARIMER COUNTY

Larimer County adopted its first building code effective January 1, 1972. All structures built after January 1, 1972 require(d) a building permit except as noted below, and except structures in Townships 10, 11, and 12 within Ranges 76, 77, and 78 constructed prior to January 1, 1978.

The effective dates of all building codes adopted by Larimer County since 1972 are:

Effective Date	Code Edition
January 1, 1972	1970 UBC, Volume I; 1971 1&2 FDC; 1971 NEC, Plumbing Regulations, Technical Plumbing Code by Colorado Department of Health ^{1,2,4}
