REZONING PROCESS GUIDE

Purpose
The Rezoning process is meant to provide the method for changing boundaries of zoning districts or overlay zoning districts and for changing the zoning designation of a parcel as shown on the official zoning map.

Review Criteria
To approve an amendment to the zoning district boundaries, overlay district boundaries or zone designation of a parcel on the official zoning map, the Board of County Commissioners must consider the following review criteria and find that each criterion has been met or determined to be inapplicable:
A. The proposed change is consistent with the Master Plan;
B. The proposed change is compatible with existing and allowed uses on properties in the neighborhood and is the appropriate zoning for the property;
C. Conditions in the neighborhood have changed to the extent that the proposed change is necessary;
D. The proposed change does not result in significant adverse impacts on the natural environment;
E. The proposed change addresses a community need;
F. The proposed change results in a logical and orderly development pattern in the neighborhood;
G. In order to approve a rezoning to PD-Planned Development district, the subject parcel must be within a Growth Management Area overlay zone district or the LaPorte Plan Area or other adopted sub-area plan, and the County Commissioners must also find that the proposed land use type, density and intensity are consistent with the applicable supplementary regulations, if any, or with the LaPorte Area Plan or other adopted sub-area plan.;
H. In order to establish or enlarge a GMA district, the County Commissioners must also find that the criteria in subsection 4.2.1.B.3 of the Land Use Code have been met.; and
I. The County Commissioners may exclude or remove an area from an established GMA district boundary if they find one or more of the review criteria in subsection 4.2.1.B.3 of the Land Use Code can no longer be met.

2. **Application Submittal**
   - Applications for Sketch Plan Review are accepted one day per month, during regular business hours.
   - Please refer to the Development Review Calendar for submittal dates.

3. **Referral Agency/Staff Review**
   - Planning Staff will distribute copies of the application materials to other Larimer County Departments such as Engineering, Environmental Health, Code Compliance and Building and will also distribute copies of the application to outside review agencies such as utility providers. Written comments are sent to County Staff and the applicant. Referral agencies have a minimum of 21 days to review the proposal.

4. **Sketch Plan Meeting**
   - This meeting will include the Applicant and Development Review Staff (Planning, Health, and Engineering). Staff will discuss comments received and will review the application for compliance with all provisions of the Land Use Code. A written staff report will be presented at the meeting. Please refer to the Development Review Calendar for meeting dates.

5. **Neighborhood Meeting (if applicable)**
   - A neighborhood meeting may be required after the Sketch Plan Meeting but before Public Hearing submittal. The Planning Director will determine if a neighborhood meeting is required based on land use impact or neighborhood comment and/or concern.
