

MEMORANDUM

To: Mr. Rob Helmick: Larimer County Development Planning
From: Carl Brouwer, Stephanie Cecil, Christie Coleman: Northern Water
Date: October 25, 2019
Subject: Northern Integrated Supply Project (NISP)
Larimer County Intergovernmental Agreement October 9 Open House Feedback

The Northern Colorado Water Conservancy District (Northern Water) held an open house at the Drake Center in Fort Collins on October 9, 2019 from 6:00 p.m. to 9:00 p.m. Notifications for this open house were sent to:

- Properties and property owners within 500-feet of the proposed pipeline routes
- Properties and property owners within 500-feet of the proposed U.S. Highway 287 relocation
- Properties and property owners in the Bonner Peak Neighborhood
- Properties and property owners within 1 mile of either Glade Reservoir or the associated recreation area

A total of approximately 1,233 notifications regarding NISP and the Open House were sent out on September 19. Names, addresses, and property information for these notifications was taken from the Larimer County Assessor's Parcel Database. The Loveland Reporter Herald, Longmont Times Call, The Fence Post, and KUNC also had articles or segments advertising the open house. The Open House was also advertised on the project's on-line public engagement platform (NISPTalk.com), Northern Water social medial channels, and Northern Water's electronic newsletters.

A total of 95 people signed in at the NISP Open House. Most provided some form of contact information. It is believed that for most couples or families, only one person signed in, and others could have attended who choose not to sign in. Northern Water personnel staffed the open house to answer questions, and some Larimer County personnel attended as well. Multiple handouts, posters, and large-scale maps of the pipeline areas were displayed at the open house. Information explaining the NISP Project, the U.S. Highway 287 relocation, proposed pipeline alignments in Larimer County, proposed recreation options at Glade Reservoir, and the content and scope of the proposed Intergovernmental Agreement with Larimer County were presented.

Northern Water received 32 comment cards from the open house. A breakdown of major comment themes is included below:

Issue		No. of Comments*
U.S. Highway 287 Relocation	Requests for information on road alignment	2
	Suggested alternative U.S. Highway 287 configurations	3
Pipelines	Damage or impact to property from construction	2
	Opposition to pipelines entirely	1
	Suggested alternative pipeline alignments	3
Recreation	Support for camping	7
	Support for fishing	10
	Support for recreation plan	2
	Support for trails	15
	Support for picnic pavilion	3
	Support for boating	8
	Concerns regarding noise and impacts from motorized boating	10
	Suggested boat ramp locations and configuration	3
	Suggested trail and trail-head configurations	3

*Some cards contained multiple comments/ issues.

Overall, the comment cards generally reflected the views of the public at the open house. There was support for all proposed types of recreation at Glade Reservoir. However, multiple people expressed concern over noise associated with motorized boating and the desire to allow only wakeless or electric watercraft on the reservoir. U.S. Highway 287 relocation comments tended to be focused on the desire for more information on the location and extent of that portion of the project. The project's on-line public engagement platform (NISPTalk.com) will be updated to provide an interactive map showing that information. Finally, most pipeline comments reflected concern about impacts to personal property or impacts to nearby roadways.

The complete sign-in list and the comment cards from the open house can be found in attachments to this memo.

COMMENT CARD - U.S. HIGHWAY 287 REALIGNMENT
OPEN HOUSE - OCTOBER 9, 2019
DRAKE CENTRE, FORT COLLINS, CO

QUESTIONS OR COMMENTS

Hwy 287 Realignment: Would like to have
ArcGIS or Kmz/KML Files provided to public,
showing proposed route of Hwy 287 realignment.
We would like to see how realigned 287 falls
within the topography of the area. Concerned about
noise and light pollution E. of haul road.

COMMENT CARD - ~~PIPELINE~~ ROUTE
OPEN HOUSE - OCTOBER 9, 2019
DRAKE CENTRE, FORT COLLINS, CO

QUESTIONS OR COMMENTS

Can you post a good map showing
exactly where 287 will be relocated, along
with the frontage road and roundabout?
Something with on a satellite/google earth
map showing features/construction so I can
see where it will be relative to my property?
Thank you

Attended open house on 10/9 but did not get a chance to fill out comment card.

Comments taken by Stephanie Cecil by phone on 10/11/2019.

Comments on Roundabout 287 – Location of roundabout should be shifted southeast to Overland Trail area intersection. Benefits:

- 1) Tie-in Overland Trail Transition instead of having to do another project to reconfigure the Overland Trail intersection. This intersection is not safe and has had many accidents and deaths over the years.
- 2) Not as much change in topography – easier to design if located at the flatter location.

QUESTIONS OR COMMENTS

As a community, those of us living along
Eck 44 East of Deadman Lake would like
to be on record as in STANCHED OPPOSITION
to the pipeline threading through our
community. We feel ^() bullied + unheard.
The growth all around us is exponential as
we ^{try to} hold on to our way of life. We are an "endangered
species" → Rural ^{peaceful} dwelling along the Front Range."

COMMENTS

WELCOME DESK	interpretive center - tell about Northern, history of water history of the area
RECREATION AREA CONCEPT PLAN	have a cool playground area!
BOATING	how to accomodate/protect non-motorized? Horsetooth has coves that make it easier to have no-wake areas. want to be able to paddle board
FISHING	
CAMPING	add boat-in camping - would be cool along the central ridge
TRAILS	create more trails than just a shoreline trail - trails that go up along ridges, and add loops! runners + bikers like loops
VISITOR CENTER	will this be reserable for events? (e.g. weddings)
RECREATIONAL OPPORTUNITIES	paddle boarding, open swimming,

STATION	COMMENTS
WELCOME DESK	
RECREATION AREA CONCEPT PLAN	
BOATING	I am a property owner on East Hogback Ridge. We are in support of a hiking & biking trail as well as fishing and recreation. However, we would prefer that the reservoir be limited to wakeless watercraft or that a horsepower restriction be put in place. We are concerned about noise pollution and boat traffic.
FISHING	
CAMPING	yay!
TRAILS	yay!
