GENERAL INFORMATION

The Eighth Judicial District Victim & Witness Assistance and Law Enforcement (VALE) Board is authorized to enter into contracts for the purchase and coordination of victims and witnesses assistance services with persons or agencies that the Board deems appropriate. The 8th Judicial District VALE Board will give priority consideration to victim service and law enforcement programs which:

1. Are required to provide services for the implementation of the rights afforded to crime victims pursuant to Section 24-4.1-302.5 C.R.S.;
2. Provide services and programs delineated in Sections 24.4.1-303 C.R.S., 24- 4.1-304 C.R.S., and 24.4.2-105(4) C.R.S. related to all crimes as defined by Section 24-4.1-302 (1) C.R.S.;

The Eighth Judicial District VALE Board has also established the following local funding priorities:

3. Provide **core victim services** (i.e. direct victim services, crisis or emergency services);
4. Have demonstrated an effective response to victim needs; or will provide new, innovative, or unmet victim services;
5. Do not duplicate other victim services in the 8th Judicial District.

Needed service, i.e., counseling both social and legal advocacy.

Secondary services, i.e., administration, training, travel, support groups.

Equipment, i.e., related to victim assistance.

The Eighth Judicial District VALE Board will consider grant requests submitted for new programs on an equal basis as those received for programs that are requesting funding continuation. Factors other than those stated above may also be utilized in making final funding decisions. Funds may be awarded for projects not designated in the priority categories depending on availability of adequate funding. The fact that an applicant meets eligibility requirements and applies for services within a priority funding category does not guarantee funding.

The following guidelines are for grant applicant reference in preparation of application for funding consideration of Eighth Judicial District VALE funds. Compliance with grant application guidelines is no guarantee of eventual funding although fully complete and clear applications are a necessity for consideration. Please review the applicable statutes, the entire application and guidelines before beginning to write grant application. Copies of the statutes related to the disbursement of VALE funds are available on the following webpage:

<http://www.larimer.org/da/vicwit/vale.htm>

BEFORE YOU BEGIN

Each year the Eighth Judicial District VALE Board receives funding requests for more projects than grant funds available. The Board must make funding decisions based upon the grant application submitted. These guidelines will help applicants give the Board clear, concise agency and project information.

The most successfully written grant applications bring together the needs of victims and witnesses, your agency, and the VALE Board in one coherent and logical plan. Submission of a VALE grant application is not to be construed as a guarantee of funding or continuation of funding.

IMPORTANT NOTE

You will not have an opportunity to make additions, changes, or corrections to the grant application after it has been submitted.

The VALE Board will make their funding decisions based upon grant applications submitted. Be sure to review the following basics before you begin:

- **READ THE STATUTES** that govern the funding determinations of the VALE Board. The VALE Board is governed by Colorado Revised Statutes 24-4.2 and 24-4.1 Part 3.
- **REVIEW THE PROPOSED ACTIVITIES OF THE PROJECT** to determine applicability pursuant to state statute and based upon the 2019 Request for Proposal.
 - Is the request for direct services or related to the provision of direct services to crime victims?
 - Is the need for the proposed project evidence based?
 - Is the need substantiated by current local statistical data?
 - Is your plan for managing the project realistic and reasonable in consideration of personnel, time, and fiscal resources currently available?
 - How will the project measure the difference grant funded services will make for a crime victim from the crime victim's perspective?
- **USE ENERGY WISELY** Research and compile a list of resources that already exist, both in your agency and in your community, to address the problem your project plans to address. There are several sources of information readily available regarding criminal traumatization and services to and for victims and witnesses. Check the telephone book, and the web for state membership organizations, contact local law enforcement, community-based victim assistance providers, agencies offering crisis intervention, etc. Additionally, you could ask your colleagues to share "lessons learned" from grant application proposals that did or did not receive funding.

- **CREATE A DETAILED WORK SCHEDULE** that includes due dates for writing, proofreading, editing, obtaining signatures, and submitting. Keep in mind the general law of project design: *It always takes longer to do something than you think it will!*
- **USE CLEAR AND CONCISE LANGUAGE** When writing the grant application, always define abbreviations or jargon. Grant applications should be clearly written, neat, and easy to read. Proofread for typographical and grammatical errors before submitting.
- **MAKE IT BRIEF** A successful grant application is just long enough to clearly communicate your message and request. Concise answers are necessary. Sometimes less is more.
- **BE POSITIVE** Remember you are offering the VALE Board to participate in an important, useful project. Don't lose sight of what you want to accomplish. Place your goals and objectives on a piece of paper to hang on the wall in front of you. Reference the goals as you write the grant application.
- **RESPOND TO EVERY QUESTION** Never leave a section or question blank. If the question does not apply to your agency, write N/A.
- **READ EACH QUESTION CAREFULLY**
